

Department of Mathematics  
Math 1500, **Section A01**  
Introduction to Calculus, Winter 2017.

Instructor: Adam Clay  
Office: 473 Machray Hall  
Office hours: MWF 3:30-4:30  
Email: Adam.Clay@umanitoba.ca

Website for the course: <http://www.math.umanitoba.ca/courses/MATH1500>. Go here to download the complete syllabus.

Class website: [http://server.math.umanitoba.ca/~claya/math1500\\_2017.html](http://server.math.umanitoba.ca/~claya/math1500_2017.html)

This page contains all the information on this sheet, but I will also scan my class notes and post the PDF files there. They will be hand-written and may possibly contain mistakes, but may be useful as study material.

This class has quizzes in the mandatory labs, worth 10% of your grade. The dates are on the syllabus available at the link above.

This class uses WebAssign for assignments, worth 10% of your grade. The due dates are on the syllabus available at the link above..

**To login to WebAssign:** Go to [www.webassign.net](http://www.webassign.net), and click ?Log in?. Your login name is your student ID, your initial password is also your student ID. Your institution name is umanitoba.mb. Change your password upon logging in for the first time. After first logging in, you will have 14 days to enter the access code bundled with your textbook in order to use the system for the term.

Please attend class, I want as many of you as possible to pass this course. If lecture material makes little sense as you see it for the first time on the board, you are not alone and this does not mean the lectures are useless. Taking neat notes and remembering a few small facts from class are an incredible help when trying to digest the material later on.
